

Through someone else's eyes

Every person is different and every person's vision is different, but these images help give an idea of what a person may see if they have one of these conditions.

Retinitis Pigmentosa (RP)

Age-related Macular Degeneration

Cataract

Neurological Vision Impairment (NVI)

Diabetic Retinopathy

Glaucoma

Do you know someone experiencing any of these conditions? Support and services are available from Guide Dogs Queensland. Phone 1800 810 122 or visit guidedogsqld.com.au
